

NOTES

1. Outside dimensions are for painted cabinets. Add approximately 0.25 inch for cabinets with weather resistant treatment.
2. Attachment point locations are approximate. Design attachment plates with slotted holes for adjustability.

WARNING! Hanging loudspeakers is a serious undertaking that should be done only by qualified and experienced personnel. Check with an architect or structural engineer to verify any building attachment points. Renkus-Heinz is not responsible for any non-Renkus-Heinz products or for any misuse of Renkus-Heinz products.
