

# Exceptional Just Got **RHAON** Better

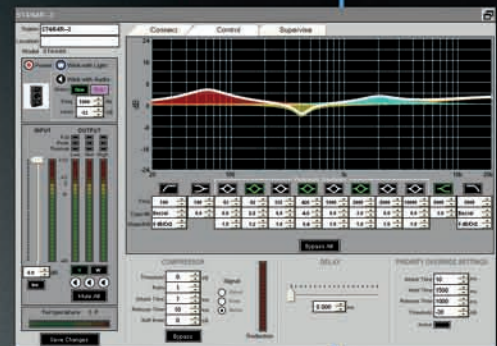

SG81-2R

Connect

*Automated addressing, drag'n'drop signal routing*

Control

*8-band fully parametric EQ, dynamics, delay & more*

Supervise

*Operator alerts via e-mail/text, fault logging, passwords*

Today's acoustical problems demand intelligent solutions – to resolve those unexpected challenges, we developed RHAON. With a single ethernet cable, RHAON connects to 64 CobraNet channels, giving you Maximum Control of every networked loudspeaker.

Live and installed sound professionals are using RHAON to impress clients and win business.

**RHAON** RENKUS-HEINZ AUDIO OPERATIONS NETWORK

GIVE YOURSELF THE ADVANTAGE
